Very sorry to hear of Curtis' passing. He was very helpful to me when I came from FL to Franklin County. Believed people could be rehabilitated, given the proper opportunities. He was an asset to all who worked in our 5 County circuit.

I met Curtis later in his life. We met as fellow members of a Grief Group that was being held at a local church in Savannah. He was a strong Christian man who had the gift of caring for others. He always found just the right words to offer encouragement to others. Following the Grief Group, we would meet for dinner every week or so until his health started to decline. I really enjoyed those dinners. Curtis had a knack for storytelling and it was entertaining to hear about some of the adventures that he had in his younger days. His eyes would always light up when he spoke of his dear wife Karen. I never met Karen but it is clear that is a wonderful person who Curtis deeply loved. Now, they are together again with the Lord and other believers in paradise. Well done Curtis.

I am so very sorry to hear of Curtis's death. Curtis & I went to school together and for several years my mother would pick him up for church. We became good friends but lost contact for a while. The last time we talked, he mentioned going to church with my family and told me he was a Christian because of those years in church. Curtis was a good man and had a huge heart for others. He will be greatly missed.

Curtis was an incredible friend. He and Karen both helped my brother get sober. We had movie night once a week after Karen passed. He loved his music and actually played as an extra in several movies including the Peanut falcon as a wrestler. He and Karen are together now. But I miss my friends tremendously

Curtis was a true friend and would give a shirt off his back to help anyone who'd try to help themselves. He was one of 3 men that believed in me and helped me get to meetings at first and hold me accountable and also helped me get sober. Curtis is a Big reason I was able to speak in a judges meeting this year and I am 16 + yrs sober. He started meetings where he could and ran em like they were supposed to, (By the Book). I will truly miss him. Until we meet again

My heartfelt sympathy and prayers go out to the family of Curtis. Having worked in law enforcement and the court system, I remember him very well. We had many conversations concerning people we had in common. He was very serious and passionate about helping others. The job was difficult, but we managed to also have a few good laughs.

Curtis was one of the nicest person I have met. I remember and will never forget him helping teach me how to do things at the Sheriff's Dept. He was always helpful and pushed me to keep going for greatness. I had no idea he had moved back this way, but it was truly a blessing to have known him. Rest Peace my friend.

I met Curtis several years ago through law enforcement. Curtis had compassion and cared about people even though it was difficult at times. As a deputy Curtis and I chatted a lot at court. He will be missed but not forgotten. May God provide strength and comfort to his family during this time.
