“ I am so glad that I got to know my friend Crystal from subbing at Osgood school and the Lake. We always had fun conversations. I really appreciate that she served in the Air Force and heard many of her stories from that time in her life. She was such an organized and very helpful secretary. I will miss seeing her wonderful smile when I go to sub. Blessings to her family as you all deal with her lose.

“ I had the pleasure of having Crystal as my boss while I worked at Wal-Mart Distribution. She lit up every room she walked into, she was so sweet and supportive. She gave me so much support in both my work and home life. She had such a wonderful sense of humor and always sent me cheerful messages out of the blue and frequently checked up on me and my kids. Crystal heaven truly gained an angel. My condolences to all her family. You will be missed and held in our hearts.

“ Sending my prayers and condolences to Jeff and his family . I only met your wife Crystal once when she brought some chicken dumplings to work for us all and your daughter was selling girl scout cookies. To this day best chicken and dumplings I've ever had. Keep your head up and god close to your heart.

“ Oh Crystal! I knew we'd be friends from the moment I met you. You asked if you could hug me and I said I'm really not a huggy person. You replied well I'm going to anyways! Lol I'm so glad you made sure to hug me everytime I saw you. I was so blessed to be loved by you! And yes I sang that as I typed it. I remember waking up to a text from you saying you had left a gift for my by my door. When I got it you had brought me flowers, chocolates, wine, and clorox wipes!! Yep you knew me so well! I love you always and forever! I'll see you later save a seat for me.

“Crystal was one of a kind and will be missed - her life touched so many people, mine included. I was lucky enough to know and love her for many years. Jeff, know that I will be praying hard for you and the kids daily that God would carry you through this season and all the wonderful memories will one day be more prevalent than the pain.
