“ Carol, I never had the pleasure of meeting David although, as you may remember, we all collaborated on a paper some 10 years ago (von Rosenvinge... Fowler CB, Evers DL .... Raufman J-P. Role of muscarinic receptor activation in ultrarapid growth of colorectal cancer in a patient with pheochromocytoma. Mayo Clin. Proc. 88:1340-6, 2013). David's scientific contributions were critical to completion of this work. I found him to be thoughtful, insightful, and an absolute pleasure to work with. I regret that I never met him in person. Knowing you, I can only imagine what a wonderful and loving person he was. With my deepest condolences, Jean-Pierre

“ I am fortunate to have known Dave as a colleague and friend for a long time. I am saddened by the loss of such a precious soul. I miss the time when we had together not just at work, but also at Falls Grove Starbucks, Hospital Cafeteria, Wendy's, Hard Times Cafe and many other fun places. I also miss his jokes, both good one and bad one. Dave will always be remembered. May he rest in peace.

“ Only knowing David for a very short time here at Advarra, I can say I am blessed to have gotten to cross such a kind hearted, sweet individual. The times we spoke throughout the day always left a smile on my face and in my heart. I pray God will comfort his family, friends, and coworkers with a peace that surpasses all understanding. Please accept my sincerest condolences. ~ Deana

“ *Dave was the spouse of my co-worker (Carol Fowler) at the VA. I started to get to know Dave during the walks that I organized in Lake Needwood in Rockville, Maryland. I missed Carol and Dave when they moved to Georgia but i was happy that they were going to start a new life in a new house, In sum, my conversations with Dave were brief and I am sad that I did not get to know him.
