“ We are making margaritas with my mom’s blender at the docks. We laughed hysterically about “ stealing the electricity “ from the city. That was a great night.

Remember all you can eat pizza at the local Pizza Hut, that one time we were going to see basic instinct at the movies ... where you told me to pick my mouth up off the floor?? Running at least 6 people deep and keeping those buffet pizzas empty. Sending me shopping all day for - elbow grease- . Pull my hair Gene. And that one great party. Holidays together, making family’s across the miles and across the telephone line - back when they had landlines but not cell phones. We were young, and we came so far. You are imprinted into my heart forever; a great friend, a proud father, a teacher (elbow grease), a truly wonderful man.

“ Laura and family,
I am so very sorry at the sudden loss of your husband. I know from just looking at your pictures how truly happy you both were to find each other. That kind of love is so rare these days. My thoughts and prayers are with you and the family in the coming days ahead during this most difficult time. May God give you His peace and comfort during this time.
