“ *May God's Spirit grant comfort and peace to Shirley, all of the children and grandchildren at this sorrowful time. To the surviving brothers and step sister of Skipper- how lucky you were to be able to live so close to him. I hope that you have many wonderful memories of times together. As a young girl Skipper and Shirley took me into their home and showed me great kindness when I needed a stable environment, and I will always be grateful.*

“ My daddy was the hardest and softest man I have ever known. He could be hard when he had to but underneath he was a marshmallow with a heart of gold. We loved to take adventures together. He loved Dollywood and the beach And the mountains. He didn't care as long as the car was moving he was ready to go. I inherited that love of travel from him. Music was his passion. He could play any instrument you put in his hands. He loved to hear his family Sing and play as well. I'll never look at a guitar whiteout thinking of you pops. I love you to infinity and beyond. Save a place in heaven for me.
