“ Jim and Dottie were X-ray techs when I started at Palomar ED in '86. They taught us 'know it all' nurses so much. We were schooled in many things. Beyond reading serious problems on X-rays to being kind and having fun in the trenches. Our bosses had their hands full with us at times. We never thanked him enough. He was grumpy and rough on the outside, haha but sweet and kind always. Jim won't be forgotten.
