“ Jason was probably one of the most friendly people I’ve ever met. I met Jason through my Dad, who was a dear gaming buddy of his. I recently went back to school, and this particular program required a *ton* of presentations. Recalling Jason was very technologically savvy, I reached out to him to help me clip some videos and get them into my slides. He would set up a Skype meeting that day to see what I needed, collect all sorts of specific details to ensure it was done right the first time, and have it back to me that night—all free of charge. And that’s because Jason was just a super nice, generous person.

My next favorite memory was when my Dad first introduced me (and my husband) to him. We went for a bite in Athens, and he brought a model gun from the game Portal *to the restaurant*! (Again, Dad’s fellow gamer buddy!) Jason was so proud of this model and really wanted to share that joy with his friends! I’ve got to admit, the thing was pretty cool.

Jason will always be remembered as a generous, passionate, and caring person to my family and me. He will be sorely missed. 💙

“ I taught Jason and all the Ballenger boys in the 4th grade. He was such a sweet boy and very bright! He was the type of student all teachers loved to have! I am so very sorry!! My thoughts and prayers go out to all of you!

“ I can't imagine what all of you are going through as I'm still in disbelief. We live in Waters Edge and have known Jason for a few years. He's talked with my husband at the club house and has been to our home several times doing computer and printer work for us. Jason was at our home on Wednesday and came back on Saturday to return our computer/printer. We laughed and talked about more work to be done in a couple of weeks...and then came Tuesday. We have all of you in our thoughts and prayers. RIP Jason...you were so well liked in our community and will be surely missed. Georgi and Michael Levesque
