“ I am speechless. Jennifer and I would talk for hours when we were in middle school and high school, talking about at least a million plans and dreams. We were 9 days apart in age. This world is so much more dim without her in it. Prayers for all the family, and please know how very loved she was by this community. I can't wait to see her again on Golden streets. May God comfort you all - All our earnest prayers.

“ I went to school with Jennifer and always remember her energetic personality. Reading comments of those who worked with her in more recent years, I can see that energy and enthusiasm continued to be a part of her. My thoughts and prayers are with her family and friends today and in the days ahead.
