“ Hi, you all may not know me but I am a relative of Larry's and wanted to send my condolences to the family. I didn't know Larry very well but wished that I did have the time to know him better. I only meet him a few times in my life and was thankful for the few hours I did get to see him. I would like to contact someone in the family to ask about his life more if that would be appropriate? I am not sure the best way to contact someone as I don't have any contact information of the family. Again my condolences to the family and if anyone is comfortable talking with me I would appreciate it very much.
