“ *this absolutely tears me apart. lily, you helped me through so much. you had such a genuine soul, and truly never passed any sort of judgement on anyone. it's crazy how much can change in just a few weeks since the last time we hung out. if i had known that would've been the last time i hugged you, i would've held on a little tighter. i wish nothing more than for you to be at peace now, you deserve it more than anyone sweet girl. i'll love you and miss you forever. thank you for being the light of so many peoples lives, i wish you would've had more time here with us.*

“ Lily i didnt know the funeral was today until looking it up and knong it was today. there are so many words i have to say butcdont know how to say it. your one of the brightest, sweetest friends i've ever had. you helped me through my mental problems i would go through in my younger years. it's shocking to me. you were just here, and now your gone. i miss that sweet innocent voice of yours and if anyone would try you up, you took no shit😭 you were my high school best friend. orrr we would skip classes together😭 lily, im so so sorry about us not being as close as we used to. i would've have took you in in a heartbeat if you needed someone.because personally i'm going through things to, a lot of depression. i know how life can be. i wish you were here so i didn't have to write this😭 it hurts so bad. i love you. i bet your a gorgeous angel up there. stay strong. i hope to speak to you in my prayers babygirl
