“ Patsy and I were friends since the fifth grade at Whiteford Elementary. We kept in touch throughout the years. She was so much fun to be with. When we were young we would spend the day together then she would walk me half way home. Then we would get on the phone and talk. My mother would say "What do you have to talk about?" She shared a big part of my life as a teenager. She and my mother were close and they made a trip to Florida when I was going to have my first child. I loved her like a sister.

“ As a kid growing up two houses down I have fond memories of Patsy. It seems like a lifetime ago since we moved away, but I will continue to hold onto the precious memories of the Ball family .

“ I will forever miss our vacations together and our late night talks because we couldn't sleep. You have always been a wonderful friend to me. You've always helped me with anything I needed help with. I miss you already. I don't know who to call now. I love you and will see you again, my aunt and my friend.

“ I don't know where to begin. Patsy was one of my dearest and best friends I ever had. We used to double date and do so many things together! We have so many memories of going on trips together and our children growing up together. She was one of a kind and I already miss talking to her! Love you girlfriend ❤️❤️❤️

“ *Such a dear friend for over 60 years. We shared so many wonderful times and so many great memories. We were pregnant at the same time, each with our first child. We talked many times each week. Patsy was like the sister I never had. Till we meet again.*
