“ When my eye got busted up by my ex the only thing roudogh said was what's his first and last name then after my surgery he would take care of me while everybody else had to go to work. But there's thus one memory when I was little he wouldn't let me down from the tree I always climbed he said I would have to swing down I was crying he finally moved. But I'll never will forget all the touch football qe would play in the back yard I love you roudough.
