“*Louie had an infectious smile! He was always smiling! I will never forget the time I was offering to pay for a number of family members lunch and with that big ole smile flashing he looked at me and asked if I knew they only took cash. I quickly dismissed what he said as a joke, I mean you should have seen the groin he had delivered that information with! Surely he was teasing! Well, he wasn't! After my big speech of paying for all of their lunches as a thank you the waitress informed me they only took cash! 🤔 Everyone got a big laugh out of it and Louie kindly paid for my lunch! His smile was who he was!!!*

What makes it even more special and evidence of his character was how it still shine brightly even after suffering many losses. I want to be like Louie in that! He and I both share the confidence that God loves us greatly, that Heaven is our eternal home, and that our earthly suffering is only temporary!

I send love to all of the family and pray your brightest memories will be his bright smile and love for His family and Lord!
