“ So sorry that I just found this. My heartfelt condolences to Stephanie and Robert. Paul was my First Sergeant at Vandenberg AFB in 1978-1981. He was a great cook, and a fine pinochle player. Spent many nights at the Dean house playing cards and drinking beer with Paul and Gloria. Helped Paul put a basketball hoop over their garage door for Bob and played catch with Stephanie in the backyard. A true gentleman who loved his family, friends, and above all the U.S. Air Force.
Forever in my thoughts.

“ Paul Dean and I were young Airmen in the 41st ATS at Charleston AFB, beginning late 1959, I think it was. We were (in our minds) " hot shots ", being crew members on the C-121 " Super Connie ". We paled around together quite a bit. Later, Paul and I were reassigned to Andrews AFB, but to separate units. We remained good friends, but never as close as we had been. He got to help crew Airforce One, while I went to Night-Watch: The National Emergency Airborne Command Post (NEACP) . I'm sorry my ole buddy is gone.....

“ I knew Mr. Dean from when I was just a teenager and young woman. I knew his son Rob for many years. Coincidentally may very best friends moved from Florida where I live to Athens Georgia. I visited Paul every time I came to visit Athens. I use to keep in touch with Mr. Dean once or twice a year but lost contact with Rob and Paul for several years. One memory I have of Mr. Dean is him sitting in his living room which always reminded me from a scene of a Wild West movie. He would sit for hours cleaning his weapons. I miss Mrs. Dean as well. I still have the dolls she crochet a pink and white dress for her and gave it to me as gift of Love while we were sitting on their wooden front porch steps right before I left to go back home to Florida. I hope Rob is doing well. Please send him my condolences and love. Blessings to your family . The Dean's have always had a place in my heart . I am truly saddened to find out that Paul has passed before I could get to talk to him at least one more time. 😞

Your comment (Nicole Silk) about Paul "cleaning his weapons " reminds me of his love of old western movies. When he and I were at Charleston AFB and Andrews AFB, he could name the supporting players In an old movie as well as main characters. It is a shame Paul and I did not get together after we two retired from the USAF. Only recently did I learn of his passing. Best regards to the family...
